Termination of Certificate

Your insurance coverage under the certificate, including any attached riders, will end on the earliest of these dates: the date the policy terminates; the end of the grace period if the premium remains unpaid; the date you no longer qualify as an insured or the date of your death.

Termination of Coverage

Your insurance coverage under the certificate and/or attached riders for a covered person will end as follows: the date the policy terminates; the date the certificate terminates; the end of the grace period if the premium remains unpaid; the end of the policy period in which we receive a written request from you to terminate the covered person's coverage; the date a covered person no longer qualifies as an insured or eligible dependent; or the date of the covered person's death. If the Insured leaves employment to perform service in the uniformed services and reapplies for coverage after release from the uniformed services, including all of the Insured's family members and dependents previously covered, shall be reinstated with coverage under the group policy without any restriction because of preexisting condition. "Service in the uniformed services" means the performance of duty on a voluntary or involuntary basis in a uniformed service under competent authority and includes active duty, active duty for training, initial active duty for training, inactive duty training, full-time national guard duty, and a period for which a person is absent from a position of employment for the purpose of an examination to determine the fitness of the person to perform any such duty. "Service in the uniformed services" also means state active duty by members of the national guard who are activated pursuant to a call of the governor of this state or of any other state as provided for by law. The Insured must return to the same employer through whom he/she originally became insured under the Policy, and must reapply for coverage within 30 days after release from the uniformed services.

COBRA Continuation of Coverage

Additional Riders

All riders are part of the policy/certificate to which it is attached and are subject to all the provisions of the policy/certificate that are not in conflict with the provisions of the rider.

Portability Rider

When your coverage under the Group Limited Benefit Hospital Indemnity Policy terminates for reasons other than non-payment of premium, he/she may elect to continue coverage. APL must receive a completed Portability Election form and payment of the first premium for the portability coverage no later than 30 days after such termination of coverage.

The benefits, terms and conditions of the portability coverage will be the same as those under the Group Limited Benefit Hospital Indemnity Policy immediately prior to the date the portability option was elected. No changes may be made to benefit amounts, terms, or conditions after portability has been elected. Portability coverage may include any eligible dependents who were covered under the policy at the time of termination. No eligible dependents may be added to the portability coverage except as provided in the newborn and adopted children provision. Eligible dependents may be removed at any time. Premiums will be adjusted accordingly. Portability coverage will be effective on the day after coverage ends under the Policy.

Under the portability coverage, you will no longer be required to be: actively at work with the policyholder; actively at work with a member company of the policyholder; or a benefit-eligible member of the policyholder. Once portability has been elected, no further portability options are available for any person covered under the ported coverage. All future premiums due will be billed directly to you. You are responsible for payment of all premiums for the portability coverage. APL will notify you of the amount of premium due, the frequency of premium payments and the premium due dates. APL will not change the premium rate more than once in any period of six consecutive months and will give you 60 days advance written or electronic notice of any change in rates.

Termination of Portability Rider Prior to Portability: Prior to portability being elected, the rider will terminate on the earliest of: the end of the grace period if the premium remains unpaid; the end of the certificate period in which we receive a request from the policyholder to terminate the rider or the end of the certificate period in which APL terminates the rider.

Termination of Portability Coverage: Insurance under the portability privilege will end on the earliest of: the date the master policy terminates; the end of the grace period if the premium for the portability coverage remains unpaid; the end of the certificate period in which we receive a written request from you to terminate the portability coverage; the date of your death; with respect to eligible dependents, the date the covered person no longer qualifies as an eligible dependent. Once insurance under this portability provision is cancelled, it cannot be reinstated.
